No branches have been closed since the Bank's inception.

Effective **August 28, 2024**, One Florida Bank's Central Florida ATM's are no longer operation. The ATM at the Chipley Branch in North Florida will remain. Teller transactions can be completed at any of our branch locations during regular business hours. Cash withdrawals can be made at all Presto network ATMs without incurring a transaction fee. One Florida Bank will reimburse up to \$15 of foreign ATM transaction fees per billing cycle. You can manage your account by visiting our locations during regular business hours or accessing your account via our online banking client portal or mobile banking application.

One Florida Bank carefully considered options before arriving at this decision. Once we conducted our due diligence, we found that usage of ATM's had dramatically decreased, while cost of ATM maintenance continues to increase at an alarming rate. We determined that this service no longer aligns with our clients' needs and therefore is not highest and best use of the ongoing financial commitment.

The overwhelming majority of One Florida Bank's clients are opting to use the online banking client portal and mobile banking application to manage their accounts. Hence, we will continue to offer these most convenient and secure online banking services. If you have any questions or need assistance, please call, or visit a bank representative for more information.
